DISSERTATION PROPOSAL CLEARANCE: HUMAN PARTICIPANTS

Must be submitted by all students before research begins

All dissertation proposals that involve research with human participants (including interviews, oral history, and database research) must be reviewed and approved by The Graduate Center's Committee on the Protection of Human Subjects or another CUNY campus Institutional Review Board (IRB). The review should take place, and final approval be obtained, during the proposal stage of the dissertation; research involving human participants may not begin until approval has been granted. Approval must be obtained before the research has begun; approval will not be granted for research that has already begun. If the dissertation proposal is changed, the proposal must be reviewed and approved again by the Committee or IRB.

Any questions should be directed to Kay Powell, IRB Administrator, at 212-817-7525, kpowell@gc.cuny.edu.
