Communities in New York City*

Christian Muench  
University of Frankfurt & RISLUS

CUNY Graduate Center, Room C201

On December 6, RISLUS inaugurates the RISLUS Reports series with a talk by visiting scholar Christian Muench (University of Frankfurt, Germany). RISLUS Reports is a forum for RISLUS fellows, associates, and visiting researchers to present their work. This series of occasional talks is intended to foster intellectual exchange between RISLUS researchers and the New York City community. We hope you will be able to attend this talk and future talks in the series.
