

Developmental Psychology

Conversations on Child & Youth Development 2010:

A Series of meetings among people working with children in a variety of everyday settings

**at The Graduate Center, City University of New York (GC)
365 Fifth Avenue, New York, NY 10016, Rm 6304.01**

This “Conversations” series features dialogue among practitioners, researchers, and stakeholders working to support child welfare, play spaces, education, media, community development, emergency relief, and other settings.

Conversations are organized around provocative questions linking developmental theory and practice as an innovative approach to contemporary challenges.

Open to the public. Please join us!
