### *The Encyclopedia of African-American Culture and History, 2nd Edition: The Black Experience in the Americas*

The second edition of *The Encyclopedia of African-American Culture and History* (Thomson Gale) is a six volume, comprehensive compendium of knowledge on the historical and cultural development of people of African descent at the beginning of the 21st century. A product of the most recent scholarship on the African American and African Diasporan experience, *The Encyclopedia* offers a convenient introduction to this vast of information. **Note: Limited sets are available to African Studies Association meeting attendees at a special price of \$300 (regular price is \$695).**
